GRAYLING needs a Chamber of Commerce. A live, common sense, aggressive board could accomplish a lot for the good of the city. We don't need a social board nor one that is such in name only. Just a plain, business organization to handle local problems and profit by opportunity.

**CANOE CARNIVAL**—What about keeping it up? This is one of the finest features of our summer time activities. We missed last year. This is a job the City of Grayling should sponsor.

Bob Newall, sports commentator of Cincinnati, picks the Yanks to win the American league pennant. The Tigers, he says, will be second, the Indians third and the White Sox fourth, while the Athletics will fill the cellar niche. In the National he lines them up as follows: Cardinals, Giants, Cubs, Reds, Pirates, Braves, Dodgers and Phillies. We'll check up on this prognosticator next fall.

## NEWS BRIEFS

Plans are going forth for the Father and Sons banquet, sponsored by the Kiwanis Club, that will be held Wednesday evening, April 28, at Michelson Memorial church. Mr. D. H. Day of Traverse City will show a series of pictures that are sure to be interesting.

The 4-H Club of Crawford county are having their Spring Achievement Day at Frederic on Thursday of next week. About 200 children will be present; during the morning they will be brought to the Rialto Theatre to see a moving picture, then taken back to Frederic for the afternoon meeting.

Kalkaska's big trout festival parade will take place promptly at 1:00 p. m. Friday, the festival continuing to Saturday night. Every minute is filled between these times with something to do and see. West Branch's trout festival starts Saturday and continues to Sunday night, their big parade being scheduled for Sunday. Visit both places, if you want to have a good time.

Now that the building line on Main street has been established, building operations will be starting soon. Esbern Olson will construct a two-story building on the corner of Michigan and Peninsular avenues, and Mr. and Mrs. Frank Sales will build on the vacant lot between the Chris Olsen drug store and the 5c to \$1 Store. We understand these buildings will be of brick and tile. Mr. Olson has moved his shoe store and repair business to one of the Olson store buildings in the rear of the corner store, while the old buildings are being razed and new ones built. This is bound to be a busy side of the street for a few months, but the improvements will be well worth the inconvenience of building operations.

## School Notes

Dr. Laughbaum will be at the school building Monday, April 26 to give vaccinations and toxoid to school children who desire it.

During the fire drill Monday the building was emptied of children in one minute 25 seconds. When it is considered that nearly 650 persons leave the building during this time, or about 8 per second, it is seen that very little time is lost.

Speaking of fire drills. To the boys of the 7th, and 8th gym class, the drill must have come as an anti-climax. A grass fire in the vacant lot back of the city library suddenly got out of control and the boys were pressed into service as volunteer firemen. With their help the blaze was soon extinguished but in all 7th and 8th grade classrooms the rest of the afternoon, the smell "lingered on."

Thursday and Friday the work of vaccinating the school children was carried on at the high school. With Dr. Laughbaum and his assistants 102 persons were treated to immunize them from the one-time scourge of smallpox. Included in the group treated besides the students were: 90% of the teaching staff, Dr. Ardis the Children's Fund dentist, and Dorothy Roberts.

The Seniors are busily engaged these days with their play "Meet the Duchess," which is to be given May 4th. They did manage to take time off to select their invitations, which they are purchasing from Mr. Schumann. Many were the Oh's! and Ah's! heard this week when the Juniors received their class rings. More power to you Juniors! Even the Seniors admit they are pretty.

Mr. Bond was seen taking a "Conductors' Holiday" last Friday by visiting school during his vacation at the U. of M.

May 1st, this year is just another day to the ardent fishermen of G.H.S. With the fishing season opening the last Saturday in April, many of the junior fishermen plan to be on the streams bright and early, and next Monday we may expect many tall tales of big fish that got away.

With the big league baseball season opening Tuesday, Grayling won't be entirely out of step as the High School squad ushers in their season Friday, April 23rd. Roscommon will furnish the opposition, with the game scheduled to start at 4:15 at the local diamond.

## Kalkaska Trout Festival Notes

Ben East, outdoor wild life editor, will attend the Kalkaska Trout Festival as judge of parade, etc., and will also be toastmaster at the Fishermen's and Press banquet Friday, April 23rd, at 6 P. M.

Charles Hicking, Conservation officer for Kalkaska county, was instrumental in acquiring a fine display of live albino, Rainbow, German brown, brook and other trout from the Harrietta Fish hatchery. These fish will be on show on main street in a large tank, and will be worth the time of anyone interested in fish to view them.

Kalkaska Trout Festival Fishermen's Dance will be held Saturday, April 24th at 9 P. M., in new County Garage where buck deer jumped thru window just a few weeks ago.

The Trout King will be crowned Friday evening, April 23rd at 5:30 o'clock. Miss Dimple Wells, Kalkaska's Trout Queen, will be honor guest of the Trout King. The reigning King and selected King will ride in state in the royal chariot until 5:30 P. M.

Kalkaska appreciates the effort being made by Alvin LaChapelle, president, to have the Grayling American Legion Drum & Bugle Corps represented in their festival. Due to the set program, it will be necessary to have all Legionnaires in Kalkaska by 5 P. M.

## Crawford County Gets Nearly 20,000

Weight tax returns for the first quarter of the year declined nearly \$900,000 under 1936 collections, the state highway department revealed today.

Harry C. Coons, deputy state highway commissioner, announced that the first-quarter revenues totaled \$10,598,445 as compared with \$11,490,288 for the same period last year.

The highway department vouchered the revenues to Auditor-General George T. Gundry for distribution to the counties. The counties receive the entire amount of the weight tax that is collected in addition to \$6,550,000 a year from the gasoline tax. The first-quarter return by Crawford county is \$19,787.65.

# You Pay Less

## TO OWN IT TO RUN IT

# 1937 Ford V-8

• If you think that "all low-price cars cost about the same"—forget it! They don't.

Ford makes a car—a 60-horsepower economy Ford V-8—that sells from 30 to 60 dollars under the prices asked for any other car of comparable size. The lowest Ford prices in years!

Check delivered prices in your town and see for yourself.

• Of course, first cost doesn't prove "low cost"—you must consider operating cost also.

The "60" has definitely established itself as the most economical car in Ford history. Ford cars have been famous for economy for 34 years, so that means something!

Owners who have driven it thousands of miles report that the Ford "60" averages between 22 and 27 miles on a gallon of gasoline.

You can prove those figures—on the open road—in a car provided by the nearest Ford dealer.

• When you've finished your personal check-up, ask yourself:

"Do I want to save money the day I buy my car and every mile I drive it?"

"Do I want a safe, roomy, comfortable car of advanced design—created from the finest materials to the highest precision standards?"

There's only one answer, of course—the 1937 Ford V-8.

Ford V-8 \$529 at Dearborn Factory. Prices begin at \$529. Transportation charges, State and Federal taxes extra. This price is for the 60-horsepower Coupe equipped with front and rear bumpers, spare tire, horn, windshield wiper, motor, radio, glove compartment, and ash tray.

\$25 A MONTH, after usual down-payment, buys any Ford V-8 Car, from any Ford dealer, anywhere in the U. S.—through Authorized Ford Finance Plans of Universal Credit Co.

Greatest Woman Rifle Shot

Annie Oakley was the greatest woman rifle shot the world has produced. She was born in 1868 and died in 1926. She traveled with Buffalo Bill's Wild West show in the 1890's. Sitting Bull gave her the name Little Sure Shot. In 1900 she was famous for her skill in hitting glass balls thrown into the air by the scores. Once she fired 1,000 shots in a contest and broke 943 balls.

## LOTS WORSE OFF

By DOUGLAS MALLOCH

SOME say, "Well, there are lots of others, too, Of others who are lots worse off than you."

I cannot comprehend their cheerful whine:

The grief of others is no balm for mine.

Another's grief adds something to my own:

I wish no other heart this hurt had known,

No other mind had suffered this distress;

Their loss makes mine the greater, not the less.

The beggar's rag make no man's coat of gold,

Or age's feebleness a man less old.

The deeper sorrow of the open ground

Is not a thing to hail with joyful sound.

Whatever I may lose, if less or more,

Another's loss adds nothing to my store.

So tell me not, whatever you may do,

"There are a lot a lot worse off than you."

The grief that gloats will find but small relief

By hiding it behind some greater grief.

However poor another beggar is, if I have more, then half of it is his.

However dark another mortal's mind,

Then I should share whatever hope I find.

Yes, say to me, "That is the thing to do,

For there are others lots worse off than you."

GRAPHIC GOLF

By BEST BALL

GOLF STANCE

GOLFER CAN PUT STRENGTH INTO SHOT WITHOUT LOSING BALANCE.

PLAYER SHOULD STAND FAR ENOUGH APART TO CATCH WEIGHT DROPPED FROM ABOVE.

A MATTER OF BALANCE

GOLF stances vary according to the individual. As a rule tall golfers stand with their feet further apart than the smaller golfers but this, naturally, is a matter of comparison. Possibly if an average were taken it would be found that the tall golfer really has his feet closer together in relation to height. The main consideration is to stand in a position in which comfort is paramount and that offers free bodily movement. One way of determining the proper width is to place the feet far enough apart to enable the player to catch a heavy weight if it were dropped from a distance overhead. Shorter golfers who have a low center of gravity would be able to catch the weight comfortably with their feet fairly close together. Bobby Jones, for instance, stands with his feet fairly close together which allows him an easier body turn. If the feet are too far apart the swing is necessarily somewhat restricted while on the other hand if kept too close together the danger of becoming unbalanced is larger. If the player will follow the rule for determining the proper width given above, he will find that he can put a great deal of bodily power into the shot without danger of losing his balance and destroying the efficiency of the shot.

## "Little Stories for Bedtime" by Thornton W. Burgess

### SAMMY JAY SPREADS A FALSE REPORT

SOME people like to spread bad news. They would rather spread bad news than good news. It's queer, but it's so. Sammy Jay is that kind. He never seems so happy as when he is flying about through the Green Forest telling some dreadful news to everybody he meets. And this isn't the worst of it. He doesn't always tell the truth! He sometimes makes things out a great deal worse than they really are so as to make his story more exciting. And so it often happens that Sammy spreads false reports. You know false reports are stories that are not true or only partly true.

Now, Sammy Jay had happened along just in time to see Farmer

"Great News! Great News!" Soreamed Sammy.

Brown's boy pick up poor Mrs. Grouse after he had broken the hard, icy crust that had made her a prisoner underneath. She had been so weak and worn out that she could only flutter feebly when he had set her free, and so he had picked her up and started for home with her. Sammy Jay had seen this. His eyes had popped out with excitement. Here was great news. He couldn't sit still a minute. And what a splendid chance to say something bad about Farmer Brown's boy! Sammy never misses a chance to make trouble for Farmer Brown's boy.

So off he started as fast as he could go. The first one he met was Chatterer the Red Squirrel.

"Great news! Great news!" screamed Sammy.

"What is it?" asked Chatterer.

"Farmer Brown's boy has killed

poor Mrs. Grouse and taken her home for his dinner!" cried Sammy.

"I don't believe it," replied Chatterer, who right that minute was eating nuts that he knew Farmer Brown's boy had left for him.

"You don't have to, but that doesn't make it that it isn't so. I saw him do it," retorted Sammy, and started on.

Right away Chatterer lost his appetite. He didn't know whether to believe it or not. He felt dreadfully sorry for Mrs. Grouse and then, too, he didn't like to think that Farmer Brown's boy had been very good to him, and though he had once hated him, he rather liked him now that he had come to know him, though Chatterer wouldn't have admitted this to anybody for the world. "Oh, my no! I don't believe it," he muttered over and over to himself. "I don't believe it." But just the same he lost his appetite.

Presently Sammy Jay saw Reddy Fox. "Great news! Great news!" shrieked Sammy.

"What is it?" demanded Reddy.

"Farmer Brown's boy has killed poor Mrs. Grouse and taken her home for his dinner," replied Sammy.

"How do you know?" demanded Reddy suspiciously.

"I saw him do it," replied Sammy.

"I hate Farmer Brown's boy!" growled Reddy Fox. "Mrs. Grouse belonged to me. I meant to have her for my dinner some day."

"Why didn't you catch her then?" asked Sammy Jay slyly.

"I would have, some day," snapped Reddy.

"The way you have Peter Rabbit!" laughed Sammy.

Reddy couldn't say a word, for you know he had tried and tried to catch Peter Rabbit and never could. He just glared up at Sammy, who just laughed and then flew off to spread the dreadful news. All the rest of the day he told the same story until all the little people who were out that cold winter day in the Green Forest and on the Green Meadows, green no longer because they were covered with snow, had heard that poor Mrs. Grouse had been killed by Farmer Brown's boy. And some it made very, very sad. And some, like Reddy and Granny Fox and Old Man Coyote, it made angry, for each of them had meant some day to have Mrs. Grouse for dinner themselves. And all the time Mrs. Grouse wasn't dead at all, as you and I know.

Grange officers report that construction work on their proposed new Grange hall will begin soon. This will be located near the old baseball field of about 30 years ago. The building will be 24 x 50 feet in size. The basement will house the kitchen and dining room and the lodge rooms will occupy the first floor.

Mr. and Mrs. Theodore Kristofferson, who have been residents of Crawford county for a long number of years, left Wednesday to make their home in Flint. Mr. Kristofferson's health prevented his working on the farm, so they have sold their property to the U. S. Government. Mr. and Mrs. Kristofferson have many friends in the county who are sorry to have them leave.

The Board of Supervisors in session last week, elected Sydney Dyer of South Branch township chairman, for the ensuing year. Mr. Dyer has had many years of experience on the Board and well understands the work. Another high light of last week's meeting was the election of Jess Bohemeyer to succeed the late Frank Barnett as a member of the County Board of Road Commissioners. Mr. Bohemeyer too should prove a very able commissioner.

Mrs. George Granger and Mrs. Ernest Borchers visited their brother Stanley Stephan and wife in Lansing over the weekend. Mr. Stephan, who has been assistant manager of Muir's drug store there, has been transferred to their store in Findlay, Ohio. Mrs. Joseph McLeod and Mrs. Fred Niederer also made the trip and the latter visited her sister Mrs. Dan Brado and family, who are getting nicely settled in their new home and like Lansing very much.

### GENERAL MOTORS TRUCKS & TRAILERS

**"The Most Heroic Document"**  
On February 24, 1836, Col. William B. Travis, commanding 150 Texans besieged by an overwhelming Mexican force in the Alamo, sent out what has been called "the most heroic document in American history." After asking reinforcements, Travis wrote "I am determined to sustain myself as long as possible and to die like a soldier who never forgets what is due to his own honor or that of his country." As courageous as the heroes who died when the Alamo fell, on March 6, were their comrades who carried this and other appeals for aid. With the traditional devotion to duty of all who sped men's messages, they risked death that others might live.

### Public Opinion

#### Our Main Street!

An Ordinance was passed last October establishing a new building line on Michigan Avenue between Peninsular Avenue and Cedar Street. This was passed after much discussion and deliberation and after the Council received a petition signed by two-thirds of the property owners who were directly affected by the line being so established. The line established by this ordinance is 6 feet back from property line and is 14 feet from top of curb. This ordinance was passed by a 4 to 1 vote. Our former City Manager Mr. Miller and Mr. Nellist prepared this ordinance but it was passed after Mr. Miller left.

At the last Council meeting an amendment was made to this ordinance establishing a new building line 9 1/2 feet back from the curb. This passed by a 3 to 2 vote.

Is this amendment for the best interest of our city? At present our sidewalks are about 14 feet wide and our street 84 feet from curb to curb. Every city looking ahead for the future is providing wider sidewalks, in many cases at great expense. Gaylord, our neighbor to the north, have 15 foot walks and 70 foot street.

Would 9 1/2 feet sidewalks and our 84 foot street be proportionate?

If a new building line is established our present buildings will be greatly out of line with any new buildings that might be erected, but if the line established according to ordinance passed last October is maintained, a real and permanent improvement will have been made.

It should also be considered that the new line will bring the south side of the block 1 1/2 ft. further out than the A. & P. store.

The loss to property owners by being forced to build out ought to be considered, but the damage to the city by narrowing its sidewalks is very great!

Let us build for the future and not do in haste what we will all regret. A Councilman.

### Legion Jottings

The Drum and Bugle Corps will go to West Branch Sunday to enter the Trout Festival parade. All members are requested to be at the hall at 12 noon, ready to leave.

All the members of Drum & Bugle Corps are requested to be present at the hall tonight, Thursday, at 7 o'clock. This is very important so don't forget.

At the regular meeting of the American Legion, Orel (Blackie) Levan was appointed manager of the Junior Legion Baseball team in place of Alvin LaChapelle who resigned in his favor.

### Legion Auxiliary Notes

Legion and Auxiliary party at the hall Saturday evening, April 24. Cards and dancing. Pot luck lunch. Bill for evening 50c.

Remember the Auxiliary Rummage Sale at Legion hall May 4 and 5th.

Mrs. Vivian Peterson, Mrs. Mabel Martin, Mrs. Viola Taylor, Mrs. Margaret Tinker, and Mrs. Elsie Rasmussen attended the district meeting at Mt. Pleasant Monday. The next district meeting is to be held at Gladwin in May.

The Legion and Auxiliary jointly banqueted the members of the High School basketball team, Coach and Mrs. Cornell, Supt. and Mrs. Poor, and the "Pep" club girls at the hall last evening. Music for dancing was furnished by Mrs. June Underwood, Don Young, Don Reynolds, Archie Cripps and Wm. Entsminger, and we wish to thank them for so generously donating their services.

### Scout News

Saturday night a scout meeting was held in the new rooms in the school. Mr. Bond visited us and we were very glad to see him. Tests were passed and afterwards a couple of boxing matches were held. Our next meeting is Thursday night and we would like to have as many as possible answer roll call.

Last Sunday Mr. H. Peterson took a load of boys out in the woods. He showed them many interesting and useful things and we wish to thank him very much.

Last week about twenty boys enjoyed a wiener roast down the river at Barnett's cabin. Messrs. Cornell, Joseph, Deming, Giegling and Scoutmaster Russell accompanied us. We wish to thank Mrs. Barnett and the above gentlemen for a very nice time.

### Grange Notes

At the lecture hour three minute talks by Mrs. Arthur Howse, Mrs. Pearl Babbitt and Elmer Ostrander were given on "needed improvements for our educational development" which were enjoyed very much. Reminiscences of school days 50 years ago by Mrs. Babbitt brought out some very interesting and amusing facts, bringing back memories of by-gone days to some of the older members of the Grange.

Mrs. June Underwood nicely rendered "School Days", and F. J. Mills gave a 5-minute address on what research and education have done for agriculture. Mrs. Bertha Williams and Hugo Schrieber gave 3-minute talks on the same subject.

There was a spelling contest with Mrs. Pearl Babbitt and William Woodburn, captains, the former's side winning. Mrs. Arthur Howse was pronouncer and Dorothy Wakeley was given the prize of \$1.00 donated by Worthy Lecturer Mrs. John Knecht.

A tableaux depicting old time and modern school days made a hit. Mrs. Elizabeth Serven taking the part of an old-fashioned girl and Grandma Feldhauser the modern miss of today.

Mrs. Fern Feldhauser gave a list of 12 books to read, saying the book was her favorite. Closing the meeting "Smile, Smile, Smile" was rendered by Mrs. Underwood, with the whole group present joining in the chorus.

Don't forget the Bake and Apron sale May 8th.

George Annis is making maple syrup at present.

Watches Once Small Clocks  
Watches originally were small clocks and were worn hung from the girdle because they were too large for the pocket.
